

CENSUS OF AGRICULTURE: 1940

TABLE 6.—EXPENDITURES FOR GASOLINE, DISTILLATE, KEROSENE, AND OIL; AND FOR BUILDING MATERIALS; CLASSIFIED BY TOTAL VALUE OF FARM PRODUCTS,<sup>1</sup> BY DIVISIONS AND STATES: 1939

[All of the figures in this table represent totals for all farms in each value group classification. The figures for the "Under \$10,000" value group were secured by subtraction; hence they include data for unclassified farms and for farms with no farm products sold, traded, or used by farm households. For comparable figures by geographic divisions, based upon a 2-percent sample for farms "Under \$10,000" classified by total value of farm products, see table 3. For statistics on other specified farm expenditures, see tables 4 and 5.]

<sup>1</sup>Value of farm products sold, traded, or used by farm households.

<sup>2</sup>Includes expenditures for lumber, roofing materials, hardware, cement, paint, fencing material, etc.

# FARM CHARACTERISTICS BY VALUE OF PRODUCTS 199

**TABLE 6.—EXPENDITURES FOR GASOLINE, DISTILLATE, KEROSENE, AND OIL; AND FOR BUILDING MATERIALS; CLASSIFIED BY TOTAL VALUE OF FARM PRODUCTS,<sup>1</sup> BY DIVISIONS AND STATES: 1939—Continued**

[All of the figures in this table represent totals for all farms in each value group classification. The figures for the "Under \$10,000" value group were secured by subtraction; hence they include data for unclassified farms and for farms with no farm products sold, traded, or used by farm households. For comparable figures by geographic divisions, based upon a 2-percent sample for farms "Under \$10,000" classified by total value of farm products, see table 3. For statistics on other specified farm expenditures, see tables 4 and 5.]
