*All 1925 data for mortgaged farms based on those reporting the amount of mortgage debt.

†Not available.

‡Farm homes occupied by their owners. In the Census Reports for 1890, all owned farm homes without mortgage report were distributed between the two groups, "mortgaged" and "free from mortgage." For purposes of comparison, the number of these farm homes without mortgage report was deducted proportionately from the "mortgaged" and "free from mortgage" groups as published in the 1890 reports, leaving the figures approximately the same as originally reported. These adjusted figures are shown in the 1920 and subsequent Census Reports (see text discussion).

§Difference between these totals and totals for farms regardless of additional land owned do not represent data for operating owners who owned additional land. Some operators did not make a report as to this item. For 1930, operators who did not report as to this item are included with those operators who reported that they owned no additional land.
