OF THE
UNITED STATES: 1940**

**GENERAL SCHEDULE FOR FARMS, RANCHES,
AND PLANTATIONS—HAWAII**

16-386

County _____ Enumeration District No. _____
Island _____ Number of this farm in order of _____
Judicial District _____ visitation _____
Enumerated by me this _____ day of _____, 1940.

(Signature of Enumerator)

FOR EXPLANATIONS AND INSTRUCTIONS, SEE REVERSE SIDE OF SCHEDULE

I.—OPERATOR

1. Name of operator _____ Age _____
2. Number of operator's household in order of visitation, as given on Population Schedule _____
3. Color or race of operator (check (✓) in proper square):
1 ☐ Caucasian 4 ☐ Hawaiian 7 ☐ Korean
2 ☐ Chinese 5 ☐ Part-Hawaiian 8 ☐ Negro
3 ☐ Filipino 6 ☐ Japanese 9 ☐ Puerto Rican
10 ☐ Other (specify): _____
4. Number of days in 1939 operator worked off this farm for pay or income _____ Days _____
5. Of days worked off the farm, how many were spent—
(a) As farm work not connected with this farm? _____ Days _____
(b) At farming jobs, businesses, or professions? _____ Days _____
Note.—Total of (a) and (b) must equal total days worked off the farm (Question 4).
6. Year when operator began to operate this farm _____ (Year)
7. Is this farm or plantation incorporated? _____ (Yes or no)

II.—TENURE

8. If you rent any farm land under others, or manage any farm land for others, or use any Government land under permit, give name and address of owner:
Name _____ Address _____
9. Does the person from whom you rent this farm supply all the work animals? _____ (Yes or No)
10. Do you operate the farm reported on this schedule for others as hired manager? _____ (Yes or No)
11. How many acres of this farm do you own? _____
12. How many acres do you rent from others? _____
Form of tenure for Questions 11 and 12 must equal entry for Question 10 unless farm is operated by a hired manager.

III.—ACREAGE

13. Total acreage of this farm _____ Acres
All cultivating or separate fields, meadows, pastures, wooded, and waste land operated by the person whose name is given under Question 1, whether owned, rented, leased, or managed by others, or held in common, must be included. Only say land now rented to or cropped by others. Put only separate holdings for each tenant, lessee, or cropster. But if entire farm boundaries are so inclusive, omit such entry for Question 13.
Cropland _____
14. Land from which crops were harvested in 1939 (including irrigated land).
All cropland, all tame and wild hay land, and gardens, fruit trees, and vineyards, whether planted or growing by berry plants and bushes in bearing, etc., the net count the same land twice, even if some crops have been harvested from it.
15. Land occupied at any time in 1939 by crops intended for harvest within the year, but from which no crop was harvested (because of failure, destruction, or quota restrictions, or for other reasons). _____
16. Land from which no crop was harvested in 1939 but which was occupied by crops for future harvest (sugar cane, pineapple plantings, orchard and berry plants and bushes not yet in bearing, drug plants, etc.). _____
17. Cropland lying idle all of 1939, and land in fallow _____

IV.—VALUES

25. Total value of this farm (land and buildings), including farm land and buildings rented from others. _____ \$
Omit account for which this farm would be valued as farm implements and machinery, of livestock, and land related to tenants or holders of commercial milk, canneries, etc., and their equipment.
26. Value of all buildings used for agricultural and domestic purposes on this farm (included above). _____ \$
27. Value of operator's dwelling house on this farm (included in answer to Question 25). _____ \$
28. Value of all implements and machinery used in operating this farm (present market value). _____ \$
Value of all farm implements, tools, tractors, wagons, harnesses, dairy equipment, threshing machines, and combine of automobiles and motor trucks of apparatus for painting and drying coffee, and for drying rubber, and of all other farm machinery. Omit value of commercial mills and factories.
29. Was there outstanding on April 1, 1940, any mortgage debt on land and/or buildings of this farm owned by you? _____ (Yes or No)
30. How many acres were covered by mortgage? _____
31. Total amount of such mortgage, including interest past-due and unpaid. _____ \$
32. What was the annual rate (contract rate) of interest on the first-mortgage debt? _____ (Percent)

V.—MORTGAGE DEBT

Note.—The questions relating to mortgage debt must be answered if the operator, whose name appears under Question 1, owns all or any part of the farm reported on this schedule, but should not be answered if he owns no part of it.
33. Was there outstanding on April 1, 1940, any mortgage debt on land and/or buildings of this farm owned by you? _____ (Yes or No)
34. How many acres were covered by mortgage? _____
35. Total amount of such mortgage, including interest past-due and unpaid. _____ \$
36. What was the annual rate (contract rate) of interest on the first-mortgage debt? _____ (Percent)

VI.—FARM LABOR

Number of workers 10 years old and over and wages paid for farm work (not including housework or construction work) on this farm _____
Number of persons 10 years old and over working the equivalent of 2 or more days in the week of—
March 24-30 _____ September 24-30 _____
this year last year
Total cash wages paid during week preceding March 24-30 for farm work on this farm _____
CLAIM OF LABOR
37. Operator and unpaid members of his family _____
38. Labor hired by month _____
39. Labor hired by day or week _____
40. Other (including piecework and contract labor). _____

VII.—SPECIFIED EXPENDITURES

41. Amount expended in 1939 for feed for animals and poultry _____ \$
42. Amount expended in 1939 for manure and fertilizer _____ \$
43. Amount expended in 1939 for building materials _____ \$

VIII.—EQUIPMENT AND FACILITIES, APRIL 1, 1940

Report, under Questions 40, 41, and 42, equipment belonging on this farm as of date of enumeration. Include automobiles owned by employees living on the farm. Exclude motor buses and trailers.
44. Automobiles _____
45. Motor trucks _____
46. Tractors _____
47. Number of dwellings on this farm if incorporated _____

IX.—IRRIGATION

48. Land in this farm or plantation that was irrigated in 1939 _____ Acres
49. Irrigated land from which crops were harvested in 1939 (included above) _____ Acres

IX.—IRRIGATION—Continued

50. Irrigated crops harvested: _____
Data for each of these crops must be included in the figures given for the same crop in Section X, Crops Harvested.
Acres harvested in 1939 _____ Quantity harvested in 1939 _____
Unit _____ Amount _____
51. Irish potatoes _____
52. Peanuts _____
53. Rice _____
54. Sweetpotatoes _____
55. Sugar cane _____
56. Taro—upland _____
57. Taro—wetland _____
58. Other field crops (specify) _____
59. Alfalfa _____
60. Cana tops _____
61. Canna (edible) _____
62. Cassava _____
63. Guinea grass _____
64. Kikuyu grass _____
65. Napier grass _____
66. Para grass _____
67. Other forage crops (specify) _____
68. Value of all crops (Questions 49 to 67) produced in 1939 that were or are to be paid to landlord, sold, or traded _____ \$

X.—CROPS HARVESTED ON THIS FARM IN 1939

Acres in crop _____ Area harvested _____ Quantity harvested _____
Field crops _____
69. Corn (field) _____ Tons _____
70. Cotton _____ Lb. _____
71. Irish potatoes _____ Cwt. _____
72. Peanuts _____ Lb. _____
73. Rice _____ Lb. _____
74. Sweetpotatoes _____ Lb. _____
75. Sugar cane _____ Tons _____
76. Taro—upland _____ Tons _____
77. Taro—wetland _____ Tons _____
78. Other field crops (specify) _____ Tons _____
Forage crops (Report gross weight) _____
79. Alfalfa _____ Tons _____
80. Cana tops _____ x x x x x x x x x x Tons _____
81. Canna (edible) _____ Bags _____
82. Cassava _____ Bags _____
83. Guinea grass _____ Tons _____
84. Kikuyu grass _____ Tons _____
85. Napier grass _____ Tons _____
86. Para grass _____ Tons _____
87. Other forage crops (specify) _____ Tons _____
88. Value of all crops (Questions 49 to 67) produced in 1939 that were or are to be paid to landlord, sold, or traded _____ \$

F—1

Vegetables (except potatoes) harvested in 1939 for sale (or payment to landlord, or trade, or for home use)

Acres or two-thirds of acre harvested _____ Value (omit cents) _____
89. Asparagus _____ \$ _____
90. Beans, green (string, Lima, yard-long, wax, and soy) _____ \$ _____
91. Beets _____ \$ _____
92. Broccoli _____ \$ _____
93. Burdock (gobo) _____ \$ _____
94. Cabbages, Chinese _____ \$ _____
95. Cabbages, head _____ \$ _____
96. Cantaloupes and other melons except watermelons _____ \$ _____
97. Carrots _____ \$ _____
98. Corn, green _____ \$ _____
99. Cucumbers _____ \$ _____
100. Eggplant (long and round) _____ \$ _____
101. Lettuce (leaf and head) _____ \$ _____
102. Lotus root _____ \$ _____
103. Onions, bulb _____ \$ _____
104. Peppers, bell _____ \$ _____
105. Pumpkins _____ \$ _____
106. Squashes (summer, Italian, crook-neck, winter) _____ \$ _____
107. Tomatoes (including egg tomatoes) _____ \$ _____
108. Watermelons _____ \$ _____
109. Other vegetable crops (specify) _____ \$ _____

WASHINGTON

Form 15-71
GENERAL SCHEDULE FOR FARMS AND RANGES—HAWAII

FIFTEENTH CENSUS OF THE UNITED STATES—AGRICULTURE: 1930

Inventory Items, April 1, 1930

Production Items, Calendar Year 1929

ENUMERATOR'S RECORD

Number of farm in order of visitation.....	County.....
Sheet and line on Population Schedule on which name of farm operator is written: { Sheet No.	Island.....
{ Line No.	Election District.....
Enumerated by me this day of, 1930.	Enumeration District No.
Enumerator.....	If farm is inside the limits of any incorporated village, give name:

EXPLANATIONS AND INSTRUCTIONS

Legal requirements.—A report is required of each operator of a farm in Hawaii by the Decennial Census Act of the Congress of the United States. The information given in this report is strictly *confidential* and will not be used as a basis of taxation, nor communicated to any tax officer.
Definition of a "Farm."—A farm for census purposes is *all the land* directly farmed by one person, either by his own labor alone or with the assistance of members of his household, or hired employees.

The farm may be operated by the owner, managed for the owner, or rented from an owner, and may produce field crops, vegetables, and fruits, as well as livestock and livestock products. No report is required of a farm of less than three acres unless there were produced on the tract in 1929 products to the value of \$100 or more, unless it required the continuous services of at least one person.

I.—FARM OPERATOR

1. Name 1a. Sex
2. Post-office address
3. Race 3a. Country of birth.....
For "Country of birth" write "Hawaii," "Japan," "China," "Philippine Islands," "U. S.," "England," "Scotland," "Ireland," "Wales," "Canada," "France," or name of other country in which farm operator was born.
4. How long have you operated this farm? Years Months
5. Is farming your main occupation? (Yes or No)

II.—FARM ACREAGE, APRIL 1, 1930

NOTE.—The sum of Items 7 to 9, inclusive, should equal the total acreage of the farm, as reported under Question 6.

6. Total number of acres in this farm..... Acres.....
Include all outlying or separate fields, meadows, pastures, woodland, or waste lands owned, rented, or managed and operated as a part of the farm, but do not include land rented to any person other than the one whose name is given under Question 1.
7. Number of acres of improved land in this farm..... Acres.....
Include all land regularly tilled or mowed; land in pastures that has been cleared or tilled; land lying fallow; land in gardens and orchards; and land occupied by buildings, yards, and barnyards.
8. Number of acres of woodland in this farm..... Acres.....
Include all farm wood lots, natural or planted, and cut-over land with young growth.
9. All other unimproved land in this farm Acres.....

III.—FARM TENURE, APRIL 1, 1930

10. Do you own *all* of this farm? (Yes or No)
11. Do you *rent* from others *part but not all* of this farm? (Yes or No)
12. Do you *rent* from others *all* of this farm? (Yes or No)
13. Do you operate this farm for others as a hired manager? (Yes or No)
14. If you *rent* any farm land from others, or *manage* any farm land for others, give name and address of the owner of the land:
Name.....
Address.....

IV.—FARM VALUES, APRIL 1, 1930

15. Total value of this farm..... \$..... (Omit cents)
Include the land operated by you as owner, tenant, or manager, and all buildings and improvements, but not implements and machinery or livestock.
16. Value of all buildings on this farm included above..... \$..... (Omit cents)
17. Value of implements and machinery belonging to this farm..... \$..... (Omit cents)
Include all farm implements, tools, wagons, carriages, harnesses, dairy equipment, threshers, and haying machines; all engines, motors, tractors, automobiles, motor trucks, and all other farm machinery.

V.—FARM DEBT, APRIL 1, 1930

If you own *all* or *part* of this farm:

18. Total amount of mortgage debt on land and buildings in this farm, April 1, 1930..... \$..... (Omit cents)
If there is no mortgage debt on this farm, write "None."
NOTE.—If amount of debt exceeds total value of farm as reported under Question 15, explain in margin.

VI.—FARM EXPENSES IN 1929

19. Amount expended in 1929 for hay, grain, mill feed, and other products (not raised on this farm) for use as feed for domestic animals and poultry..... \$..... (Omit cents)
20. Amount expended in 1929 for manure and fertilizer..... \$..... (Omit cents)
21. Amount expended *in cash* in 1929 for farm labor (exclusive of housework)..... \$..... (Omit cents)

VII.—LIVESTOCK ON THIS FARM, APRIL 1, 1930

- | | Number | | Number |
|---|--------|---|--------|
| 22. Horses and colts (all ages) | | 28. All other cattle..... | |
| 23. Mules and mule colts (all ages) | | 29. Sheep and lambs (all ages)..... | |
| 24. Asses and burros (all ages) | | 30. Goats and kids (all ages) (Domesticated)..... | |
| 25. Carabaos (all ages)..... | | 31. Hogs and pigs (all ages) | |
| 26. Calves under 1 year old..... | | 32. Chickens | |
| 27. Cows and heifers, 2 years old and over, kept mainly for milk..... | | 33. Bees (hives or colonies)..... | |

(Reduced facsimile)

VIII.—PURE-BRED (REGISTERED) ANIMALS ON THIS FARM, APRIL 1, 1930

(Report these animals also under Section VII)

Number	Number
34. Horses (all ages).....	36. Swine (all ages).....
35. Cattle (all ages).....	37. Sheep (all ages).....

IX.—LIVESTOCK PRODUCTS IN 1929

38. Total number of cows milked on this farm in 1929.....	Number.....
39. Total amount of milk produced on this farm in 1929.....	Gallons.....
40. Whole milk sold from this farm in 1929.....	Gallons.....
41. Butter made on this farm in 1929.....	Pounds.....
42. Sheep and lambs shorn on this farm in 1929.....	Number.....
43. Wool shorn (unwashed).....	Pounds.....
44. All chicken eggs produced on this farm in 1929.....	Dozens.....
45. All chicken eggs sold from this farm in 1929.....	Dozens.....
46. All chickens raised on this farm in 1929.....	Number.....

X.—CROPS HARVESTED ON THIS FARM IN 1929

Grains and seeds: (Report only crops grown or the grain and seed and harvested after ripening)	Acres harvested	Quantity harvested
47. Corn.....		Pounds.....
48. Rice (rough).....		Pounds.....
49. Soy beans.....		Pounds.....
50. Beans (dry).....		Pounds.....
51. Peas (dry).....		Pounds.....
52. Peanuts.....		Pounds.....
Grasses and other forage crops: (Report quantity produced in tons, green weight. One ton of dry forage is equivalent to about four tons, green weight)		
53. Alfalfa.....		Tons.....
54. Grasses (do not include alfalfa)..... (Give name)		Tons.....
55. Sugar cane tops fed to livestock.....		Tons.....
56. Corn, sorghum, Japanese cane, etc., cut for feed for livestock.....		Tons.....
57. Pigeon peas.....		Tons.....
58. Cowpeas, soy beans, velvet beans, and other legumes used for feed for livestock.....		Tons.....
Miscellaneous crops:		
59. Sugar cane.....		Tons.....
60. Potatoes (white).....		Cwt.....
61. Sweet potatoes.....		Cwt.....
62. Yams.....		Cwt.....
63. Taro.....		Cwt.....
64. Cassava.....		Pounds.....
65. Coffee.....		Pounds.....
66. Cotton.....		Pounds.....
67. Tobacco.....		Pounds.....
68. Other crops..... (Give name)		X X X X X

X.—CROPS HARVESTED ON THIS FARM IN 1929—Continued

Farm garden for home use only:

69. Value of all vegetables (excluding potatoes, yams, sweet potatoes, taro, and cassava) grown in 1929 for home use only.....\$.....
(Omit cents)

Vegetables harvested in 1929 for sale, not for home use:	Acres or fraction of an acre harvested	Vegetables harvested in 1929 for sale, not for home use:	Acres or fraction of an acre harvested
70. Cabbages.....		77. Onions.....

DO NOT WRITE ON THIS LINE.

Note.—Use the following symbols to indicate class of inclosure: B. for barn; L. N. for livery stable; S. Y. for stock yard; F. L. for feed lot; V. L. for vacant lot; H. Y. for house yard.

EXPLANATIONS AND INSTRUCTIONS.

CONFIDENTIAL.—The information reported on this schedule will be treated as strictly confidential under all circumstances.

NOT CONNECTED WITH TAXATION.—The information reported on this schedule will not be used as a basis of taxation, nor communicated to any assessor.

WHEN TO USE THIS SCHEDULE.—On this schedule are to be reported all cattle, horses, mules, sheep, goats, and swine, not kept on farms or on public ranges. Thus the live stock to be reported here is that kept in stables, barns, stock yards, feed lots, house yards, and on lots in or near cities and villages. To secure a complete enumeration the question "Is any live stock raised on this schedule kept on the premises?" must be asked at each dwelling house enumerated on the population schedule, and at all other places, such as factories, stores, stables, etc., in your district where there is any possibility of live stock being kept. All domestic animals are to be enumerated in the name of the person in whose care they are on January 1, 1920, regardless of ownership.

HOW TO FILL THIS SCHEDULE.—In filling this schedule, one line must be used for each barn, inclosure, yard, lot, or building occupied in whole or part by live stock on January 1, 1920. The return for a boarding, livery, or sale stable, no matter how great the number of animals kept

or by how many different persons they are owned, must be made on a single line. No schedule is to be prepared for barns, inclosures, etc., in which no live stock was kept on January 1, 1920.

WHEN TO USE A FARM SCHEDULE INSTEAD OF THIS SCHEDULE.—Do not report on this schedule the live stock on any "farm," as defined by the census, however small. Report such live stock on the general farm schedule. A farm for census purposes is all the land which is directly farmed by one person managing and conducting agricultural operations either by his own labor alone or with the assistance of members of his household or hired employees. The term "agricultural operations" is used as a general term relating to the work of growing crops, producing other agricultural products, and raising domestic animals, poultry, or bees.

In determining when to use a general farm schedule, note that all market, truck, and fruit gardens, poultry yards, places for keeping bees, and all dairies in or near cities, villages, and incorporated towns are, for census purposes, farms, provided they produced in 1919 agricultural products to the value of \$100 or required the continuous services of at least one person. Agricultural products, as the term is here used, include all plants, flowers, and vegetables grown in 1919; all live stock raised during the year; and live-stock products produced during 1919. If a general agricultural schedule is required, all questions on that schedule must be answered.

Inability to obtain exact data does not justify failure to answer a question. The most accurate returns that the circumstances permit must be obtained. If farm records or accounts are kept, take data from them. If such records are not available, careful estimates should in all cases be obtained or made. Where there are no crops or animals corresponding to names listed in schedule, leave the spaces opposite such names blank.</p> <p>Farm Operator.—All answers on this schedule should relate to the farm occupied January 1, 1920, by the person named in answer to Inquiry 1, who is here called the "farm operator." The term "farm operator" is employed by the Census Bureau to designate a person who directly works a farm as owner, hired manager, tenant, or cropper, conducting agricultural operations either by his own labor alone or with the assistance of members of his household or hired employees. Note especially that farms should be returned in the name of such farm operator—that is, the person actually conducting the agricultural operations, even though supervision of such operations may be exercised by another person. All answers regarding crops or other products of the farm in 1919 must relate to the land occupied by the farm operator on January 1, 1920, whether such land was farmed by him during 1919 or not, and should not relate to any other land which the farm operator may have farmed in 1919.</p> <p>Farm Tenure.—Farm land operated by a person who owns it, by a man whose wife owns it, by the heir or heirs thereto, by the trustee or guardian for such heirs, by a settler on Government land who has not "proved up," by a person who has bought land on a contract for a deed, or by a person who purchased a farm sold for debt and holds it subject to redemption by the original owner, should be put down as land owned in answering Inquiry 8.</p> <p>If farm land is operated for its owner or for a public institution by a farmer who receives wages or a salary for his services as manager, superintendent, or overseer, it should be reported as operated by a hired manager in answering Inquiry 12.</p> <p>Definition of "Farm."—A farm, for census purposes, is all the land which is directly farmed by one person managing and conducting agricultural operations, either by his own labor alone or with the assistance of members of his household or hired employees. The term "agricultural operations" is used as a general term referring to the work of growing crops, producing other agricultural products, and raising animals, poultry, or bees.</p> <p>A "farm" as thus defined may consist of a single tract of land, or of a number of separate and distinct tracts, and these several tracts may be held under different tenures, as when one tract is owned by the farmer and another tract is rented by him.</p> <p>The enumerator must not report as a "farm" any tract of land of less than 3 acres, unless there were produced on such tract products to the value of \$100 or more, or unless it required the continuous services of at least one person.</p> <p>All market, truck, and fruit gardens, poultry yards, places for keeping bees, and all dairies in or near cities, villages, and incorporated towns, even though little land is employed, are, for census purposes, farms, provided they produced in 1919 agricultural products to the value of at least \$100 or required the continuous services of at least one person.</p> <p>Exceptional Farms or Conditions.—If a farmer raised animals or crops under exceptional conditions, or if he suffered severely in 1919 from drought, flood, cyclones, or other calamities, write a brief statement of the facts on top margin of the schedule.</p> <p>Ranchers Using Public Lands.—Public land used by a rancher without rental is not a part of the operator's farm; and where a rancher owns or leases no land, but grazes animals entirely on public domain, write opposite Inquiry 8 "No land owned or leased."</p> <p>Animals, Fowls, and Crops Not Mentioned by Name.—Always ask if any animal or fowl is kept on the farm, or if any crop was raised in 1919 of which no mention has been made. If answer is "Yes" write the name of such other animal, fowl, or crop in the blank spaces provided or cross out any printed names for which there are no reports, write in the names of the animals kept or crops produced, and report as for other animals, crops, etc.</p> <p>Crosses on Schedules.—Make no entries in spaces marked thus (X X X).</p> <p>Special Rule Regarding Cane Sugar and Sirup Mills.—Where mills for the manufacture of cane sugar or sirup are located on farms, the value of such mills is to be included in the farm reports only if they confine their operations to the treatment of cane grown on the farms on which they are located. Do not report on this schedule the value of any mill which crushes cane grown on a farm other than the one on which the mill is located, nor of any large mill which constitutes by itself an important manufacturing establishment. Such mills will be covered by the Census of Manufactures.</p>

CENSUS OF AGRICULTURE: 1920

INFORMATION CONCERNING FARM OPERATOR.	FARM ENCUMBRANCE, JANUARY 1, 1920.	
1. Name	21. If you own all or part of this farm, was there any mortgage debt or other encumbrance on the land so owned on January 1, 1920..... (Answer Yes or No.)	
2. Post-office address	22. Total amount of debt or encumbrance on land in this farm owned by you, January 1, 1920..... \$	
3. Color or race	23. Rate of interest paid..... (Per cent.)	
(Write "Pt" for Portuguese; "Sp" for Spanish; "PR" for Porto Rican; "OC" for other Caucasian; "Ha" for Hawaiian; "CH" for Chinese-Hawaiian; "AR" for Asiatic-Hawaiian; "Chin" for Chinese; "Jap" for Japanese; "B" for black (full-blooded negro); "Mu" for mulatto (negro having some proportion of white blood); "AO" for all other races.)		
4. Age	FARM EXPENSES, 1919.	
5. Sex	24. Amount expended in 1919 for hay, grain, mill feed, and other products (not raised on this farm) for use as feed for domestic animals and poultry..... \$	
6. Country of birth	25. Amount expended in 1919 for manure and fertilizer..... \$	
(If foreign born, give state or province.)	26. Amount expended in cash in 1919 for farm labor (exclusive of housework)..... \$	
7. How long have you operated this farm? Years..... Months.....	27. Estimated value of house or room rent and board furnished farm laborers in 1919, in addition to cash wages reported under Inquiry 26..... \$	
FARM TENURE, JANUARY 1, 1920. (See "Farm Tenure" and "Definition of Farm" in "General Explanations and Instructions.")	DOMESTIC ANIMALS, POULTRY, AND BEES ON THIS FARM JANUARY 1, 1920, AND ANIMAL PRODUCTS IN 1919. (Report all animals on this farm, whether belonging to the farm operator or not.)	
8. Do you own all of this farm?..... (Answer Yes or No.)	KIND	Number or quantity.
9. Do you rent from others part but not all of this farm?..... (Answer Yes or No.)		Total value.
10. Do you rent from others all of this farm?..... (Answer Yes or No.)	28. Horses, January 1, 1920:	
11. If you rent all of this farm, what do you pay as rent?.....	1. Colts under 1 year of age..... \$	
a. If a share is paid, give the fractions as 1/2, 1/4, 1/8, etc.	2. Colts 1 year old and under 2 years of age.....	
b. If cash is paid, give the amount in dollars paid per acre.	3. Mares 2 years old and over.....	
c. If both a share and cash are paid, give the share and the amount in dollars paid per acre.	4. Geldings 2 years old and over.....	
d. If a definite quantity (not a share) of sugar cane, pineapples, or other products is paid regardless of the yield, give the fixed amount in tons, pounds, etc.	5. Stallions 2 years old and over.....	
12. Do you operate this farm for others as a hired manager?..... (Answer Yes or No.)	29. Mules, January 1, 1920:	
13. If you rent any farm land from others, or manage any farm land for others, give name and address of the owner of the land:	1. Mule colts under 1 year of age..... \$	
Name	2. Mule colts 1 year old and under 2 years of age.....	
Address	3. Mules 2 years old and over.....	
	30. Asses and burros (all ages), January 1, 1920..... \$	
FARM ACREAGE, JANUARY 1, 1920.	ACRES.	
14. Total number of acres in this farm, January 1, 1920.....	31. Work and beef cattle, January 1, 1920 (cattle kept mainly for work animals and for beef production):	
(Include all outlying or separate fields, meadows, pastures, woodland, or waste lands owned, rented, or managed and operated as a part of the farm, but do not include land rented to or cropped by any other person than the one whose name is given under Inquiry 1.)	1. Calves under 1 year of age..... \$	
15. Number of acres of improved land in this farm.....	2. Heifers 1 year old and under 2 years of age.....	
(Include all land regularly tilled or mowed; land in pastures that has been cleared or tilled; land lying fallow; land in gardens, orchards, vineyards, and nurseries; and land occupied by buildings, yards, and barnyards.)	3. Cows and heifers 2 years old and over.....	
16. Number of acres of woodland in this farm.....	4. Steers 1 year old and under 2 years of age.....	
(Include all farm woodlots, natural or planted, and cut-over land with young growth. Do not include chapparal, mesquite, or other woody shrubs.)	5. Steers and oxen 2 years old and over.....	
17. All other unimproved land in this farm.....	6. Bulls 1 year old and over.....	
FARM VALUES, JANUARY 1, 1920.	32. Dairy cattle, January 1, 1920 (cattle kept mainly for milk production):	
18. Total value of this farm, January 1, 1920..... \$	1. Calves under 1 year of age..... \$	
(Give the amount for which this farm would sell. Include the land owned, rented, or managed by you, and all buildings and improvements, but not implements and machinery.)	2. Heifers 1 year old and under 2 years of age.....	
19. Value of all buildings on this farm included above.....	3. Cows and heifers 2 years old and over.....	
20. Value of implements and machinery belonging to this farm..... \$	4. Bulls 1 year old and over.....	
(Include all tools, wagons, carriages, harness, dairy equipment, threshing machines; apparatus for making grape juice, sugar, and sirup; all engines, motors, tractors, automobiles, motor trucks, and other machinery. Exclude all commercial mills and factories.)	33. Milk produced in 1919:	
	1. Total amount of milk produced..... Gals..... X X X	
	(Include milk fed to animals, consumed on farm, sold, or otherwise disposed of. One hundred pounds equal 11.6 gallons.)

8-1951	Department of Commerce and Labor BUREAU OF THE CENSUS	[RR 3-398]												
CENSUS OF AGRICULTURE, 1909 HAWAII														
Special Agent's record and signature: Island Enumeration District No. County District or other division of county Name of city, town, or village within the above-named division Number of farm in order of visitation Enumerated by me this day of, 1910., <i>Special Agent</i> .														
Information concerning farm operator: 1. Name 2. Post-office address 3. Color or race 4. Age 5. Country in which born 6. Tenure 7. Sheet and line on population schedule on which name of farm operator is written, Sheet No., Line No. 8. If farm operator farms this farm or any part of it as manager or tenant, give for owner of such land, if a private individual— Name P. O. address 9. How long has this farmer operated this farm? } Years, months														
Farm acreage April 15, 1910: 10. Total number of acres in this farm. (Give here all lands operated or farmed by the farm operator, including all out-lying or separate fields, meadows, pastures, or woodlands operated by him as owner, tenant, or manager. Do not include land operated or cropped by any other than the one whose name is given under Inquiry 1) Acres. 11. Improved land in this farm. (Give here all land regularly tilled or mowed, land pastured and cropped in rotation, land lying fallow, land in gardens, orchards, vineyards, nurseries, and land occupied by buildings) 12. Woodland in this farm. (Give here land covered with natural or planted forest trees, whose principal value is in firewood, timber, or other forest products, which it will now or later yield) 13. All other unimproved land in this farm														
Farm values April 15, 1910: 14. Total value of this farm with all buildings and improvements, but not implements and machinery \$ 15. Value of all buildings on this farm included above 16. Value of all implements and machinery belonging to this farm. (Include all implements, machinery, tools, wagons, carriages, harnesses, etc.; all apparatus for making butter and cheese, for cleaning rice or coffee, for making wine, sugar, molasses, and sorghum, for drying fruit, and for similar purposes, together with engines and other motors)														
Mortgage indebtedness April 15, 1910: 17. If the farm operator owns any or all of the land in this farm, state whether such land is mortgaged (Answer "Yes" or "No.") 18. Amount of mortgage indebtedness April 15, 1910 \$														
<div style="text-align: right; font-size: small;">These spaces are for office memoranda; do not write in them.</div> <table border="1" style="width: 100%; border-collapse: collapse; margin-top: 5px;"> <tr> <th style="width: 10%;">CHAR.</th> <th style="width: 10%;">INC.</th> <th style="width: 10%;">EQT.</th> <th style="width: 10%;">LIVE STOCK.</th> <th style="width: 10%;">PRODUCTS.</th> <th style="width: 10%;">PRODUCTS NOT FED.</th> </tr> <tr> <td> </td> <td> </td> <td> </td> <td> </td> <td> </td> <td> </td> </tr> </table>			CHAR.	INC.	EQT.	LIVE STOCK.	PRODUCTS.	PRODUCTS NOT FED.						
CHAR.	INC.	EQT.	LIVE STOCK.	PRODUCTS.	PRODUCTS NOT FED.									
Mixed tenure: If answer to Inquiry 6 is "part owner," "share-cash" tenant, or "manager," give— 19. Land and buildings in this farm owned by farm operator if a "part owner," or by his employer, if a "manager." Total acres Total value, \$ Acres improved 20. Land and buildings in this farm rented from others for share of products. Total acres Total value, \$ Acres improved 21. Land and buildings in this farm rented from others for cash or fixed amount of labor or products. Total acres Total value, \$ Acres improved														
Land rented from the Government: 22. Is any land in this farm rented from the Government (Answer "Yes" or "No.") If answer is "Yes," give below: Total number of acres Number of acres improved Total value of land \$														
Land owned but not operated by this farmer: 23. If farm operator owns land leased to or farmed by others as tenant (renter or cropper) or manager, report here— Number of acres farmed by others Value of land and buildings farmed by others \$ Number of farm tenants and managers														
24. Pasture land: Acres in this farm used exclusively for pasture in 1909: <div style="text-align: right; font-size: small;">Acres.</div> Woodland pasture, covered with pasture grasses, but containing more or less scattered timber Improved land in pasture, but which can be plowed or mowed All other pasture land														
Farm expenses: 25. Amount spent in cash in 1909 for farm labor (exclusive of housework) \$ 26. Estimated value of house rent and board furnished farm laborers in 1909, in addition to cash wages reported above 27. Amount spent in 1909 for hay, grain, and other produce (not raised on this farm) for use as feed of domestic animals and poultry 28. Amount spent in 1909 for manure and other fertilizers 29. Amount spent in 1909 for water supply														

Domestic animals on farm April 15, 1910: <small>(Report all animals on the farm, whether belonging to the farm operator or not.)</small>

51. Irrigation: If water is used on the farm for irrigation purposes, give:

- (a) Acres of land irrigated { Total _____
Pasture _____
- (b) Source from which water for irrigation is obtained _____
(Answer "Well," "Stream," "Reservoir," or "Lake," as the case may be.)
- (c) If from wells, give number { Flowing _____
Pumped _____
- (d) If from streams, state whether obtained by gravity or pumping _____
- (e) Is ditch or pumping plant from which water is obtained used exclusively for this farm? _____
- (f) If ditch or well from which water is obtained serves other farms, give name and post-office address of the owner of such ditch or well _____
- (g) Size of irrigating stream delivered to farm—
Miner's inches _____
or cubic feet per second _____
or other unit _____
- (h) Was water supplied to farm continuously during crop season? _____
- (i) If answer to question (h) is "Yes," give dates of beginning and stopping use of water—
Began _____ Stopped _____
- (j) If answer to question (h) is "No," state number of irrigations during season _____ and number of days that water was supplied during season _____
- (k) Depth in inches of water supplied to irrigated land during season _____
- (l) Cost per acre of water used in 1909. \$ _____
- (m) Total cost of irrigation equipment belonging to this farm, including pumping machinery, wells, flumes, and ditches. \$ _____

EXPLANATIONS AND INSTRUCTIONS.

NOT CONNECTED WITH TAXATION.—The information reported on this schedule will not be used as a basis of taxation nor communicated to any assessor. It will, under all circumstances, be treated as strictly confidential.

ALL QUESTIONS APPLYING TO BE ANSWERED.—Give data asked for by schedule for every crop produced and every kind of animal on farm. Inability to secure exact data does not justify failure to answer a question. The most accurate returns that the circumstances permit must be secured. If farm records or accounts are kept, take data from them. If such records are not available, careful estimates should in all cases be secured or made. Where there are no crops or animals corresponding to names listed in schedule, leave spaces opposite such names blank.

FARM OPERATOR.—All answers on this schedule should relate to the land operated or farmed April 15, 1910, by the person named in answer to Inquiry 1, who is here called "farm operator." All answers regarding crops or other products of 1909, or regarding animals born, purchased, sold, or slaughtered in 1909, must cover the land occupied by the farm operator on April 15, 1910, whether such land was farmed by him during 1909 or not, and should not cover any other land which the farm operator may have farmed in 1909. (See Book of Instructions to Special Agents.)

DEFINITION OF FARM.—For definition of "farm" and general instructions for the census of agriculture, see Book of Instructions to Special Agents.

Inquiry 1. Name.—For each farm operated by one individual, whether as owner, tenant, or manager, write only one name. But in all cases where an owner and a tenant on shares, or two owners, or two tenants, are residing upon and jointly working the farm, write two names.

Inquiry 3. Color or race.—Write "Pt." for Portuguese, "Sp." for Spanish, "P. R." for Porto Rican, "O. C." for other Caucasian, "Ha." for Hawaiian, "C. H." for Caucasian-Hawaiian, "A. H." for Asiatic-Hawaiian, "Chn." for Chinese, "Jap." for Japanese, "Bl." for black (full-blood negro), "Mu." for mulatto (not full-blood, but with some trace of negro blood), "A. O." for all other races.

Inquiry 5. Country in which born.—Write "Hawaii," "U. S.," "England," "Scotland," "Ireland," "Wales," "China," "Japan," "Germany," "Russia," or name of other country in which the farm operator was born, making same entry as that made for this person on population schedule.

Inquiry 6. Tenure.—This inquiry is to be answered as follows:

Owner.—If a farm is operated by a person who owns all of it, by a man whose wife owns all of it, by the heir or heirs thereto, or by the trustee or guardian for such heirs, write "Owner." Report as owner a settler on Government land who has not "proved up," a person who has bought land on a contract for a deed, or a person who holds over for redemption.

Part owner (owner renting additional land).—If a farm is operated by a person who owns a part of it, or by one whose wife owns a part of it, and the rest of such farm is leased from others, write "Part owner."

Owner and tenant.—If a farm is operated by two persons, one owning and one working for a share of the farm products, write "Owner and tenant."

Share tenant.—If a farm is operated by a tenant, renter, cropper, or share hand who pays a share (as one-third or one-half) of the crops or products raised, write "Share."

Cash tenant.—If a farm is operated by a tenant, renter, or cropper who pays a fixed rental in money, or a stated amount of labor or farm products (not a proportionate share of all), write "Cash."

Share-cash tenant.—If a tenant pays both cash rent and share rent, write "Share-cash."

Manager.—If a farm is operated for its owner or for a public institution by one who receives wages or a salary for his services as manager, superintendent, or overseer, write "Manager." But a husband is never to be reported as manager of his wife's farm. (See "Owner" and "Part owner.")

Inquiry 7. Sheet and line numbers.—If two names are written under Inquiry 1, give sheet and line numbers for both. **Inquiries 10 to 13. Farm acreage.**—The sum of the answers to Inquiries 11, 12, and 13 must be the same as the answer to Inquiry 10.

Inquiries 17 and 18. Mortgage indebtedness.—Include all debts secured by instruments locally called "mortgages;" also all debts represented by judgment notes, confessions of judgment, deeds of trust, deeds with vendor or lien clause, bonds or contracts for title, or any other legal instruments (other than mechanics' liens or crop liens) that partake of the nature of mortgages upon real estate. Do not confine yourself to reciting or stating the words of Inquiries 17 and 18, but take care to explain the full significance of the inquiries.

Inquiries 20 and 21. Mixed tenure.—If both cash rent and share rent are paid for the same tract of land, give acreage and value under Inquiry 20 or 21 according to whether "share" or "cash" rental is the more important item.

Inquiries 30 to 36. Domestic animals.—Report as "Kept for milk" all cows or heifers which have been or are to be regularly milked for at least three months during 1910 and whose milk is used for human food or for producing cream, butter, or cheese. Report all other cows and heifers born before January 1, 1909, as "not kept for milk."

Animals, fowls, and crops not mentioned by name.—Always ask if any animal or fowl is kept on the farm or if any crop was raised in 1909 of which no mention has been made. If answer is "Yes," write the name of such other animal, fowl, or crop in the blank spaces provided or cross out any printed names for which there are no reports, write in the names of the ones kept or produced, and report as for other animals, etc.

Crosses on schedules.—Make no entries in spaces marked thus (X).

Exceptional farms or conditions.—If a farmer raises animals or crops under exceptional conditions, or suffered severely in 1909 from drought, flood, cyclones, or other calamities, write a brief statement of the facts on margin of the schedule.

Inquiry 40. Animals slaughtered.—Report under "slaughtered on farms" all animals slaughtered during 1909 on the farm, whether for farm use or for sale, and include in the column value the value of their hides, tallow, lard, etc.

Inquiry 41. Dairy products.—Report under "milk produced" the quantities sold or used for producing cream, butter, fat, butter, or cheese, or for human food on the farm. Include as "sold," milk, cream, or butter fat sold or delivered to creameries and factories or to private customers. Butter produced must include that consumed on the farm as well as that sold. Where milk or cream is sold by the pound cross out the word "Gals.," and write the word "Lbs."

CROPS HARVESTED IN 1909.—Give acreage cultivated, acreage irrigated, quantity produced, and value of each crop harvested in 1909 on any land reported under Inquiry 10, whether the present farm operator operated such land in 1909 or not. Do not report any crop not grown on the land covered by Inquiry 10.

UNITS OF MEASURE.—If you can not secure a report of quantities in the measure stated on the schedule, cross "Bu.," "Lbs.," "Tons," "Gals.," etc., and insert the measure used by the farm operator.

ACRES.—In reporting number of acres, give the nearest whole number for tracts of three acres or over. For smaller tracts, give acres and fractions of an acre.

VALUES.—Values of animals, crops, and other products should be based on the amounts for which they are sold at the usual market town under average conditions. Express values in dollars only; thus \$100—not \$100.00.

Corn.—Always report the quantity of corn harvested in bushels of shelled corn or its equivalent. A bushel of shelled corn weighs 56 pounds and is equivalent to 70 pounds of dry corn in the ear, or to 2 bushel baskets (level full), or 1½ heaped bushel baskets of ear corn.

DO NOT WRITE ON THIS LINE

EXPLANATIONS AND INSTRUCTIONS

When to use this schedule.—On this schedule are to be reported all domestic animals, including neat cattle, horses, mules, swine, sheep, goats, and guinea pigs, and kept on farms or on other ranges. Those the animals to be here reported are those kept in stables, barns, and stock yards in or near cities and villages, including those that are allowed to graze on nearby vacant lots. To secure a complete enumeration, the question should be asked at each dwelling house enumerated on the population schedule, and at all other places, such as factories, stores, stables, etc., in your district where there is any possibility of domestic animals being kept: "Is any domestic animal named on this schedule kept on the premises?" Note especially that the matter of ownership is not involved in filling this schedule. Animals are to be enumerated in the name of the person in whose care they are April 15, 1909.

How to fill this schedule.—In filling this schedule, one line should be used for each farm or inclosure occupied on April 15, 1909, and that line should be filled out on both sides of the schedule. The return for a township, livery, or sale-yards, no matter how great the number of animals kept or by how many different persons they are owned, should be made on a single line. No schedule is to be prepared for farms and inclosures in which no domestic animals were kept on April 15, 1909.

If outlaws (Chippie cattle) are found, report them in the column for "lost and kids," and in the margin opposite each such entry write "Outlaws."

When to use a farm schedule instead of this schedule.—Do not report upon this schedule animals that belong to any "farm," as defined by the census, however small. They should be reported on the general agricultural schedule. (For what constitutes a farm, see back of Instruction book.)

In determining when to use a general agricultural schedule, note that all market, truck, and fruit gardens, nurseries, greenhouses, poultry yards, places for keeping bees, and all dairies in and near cities, villages, and incorporated towns are, for census purposes, farms, provided they produced in 1909 agricultural products to the value of \$250 or required the continuous service of one person. Agricultural products, as the term is here used, include all plants, flowers, and vegetable grown in 1909; all poultry and live stock raised during the year; and all dairy products (milk, butter, and cheese) and eggs produced. If a general agricultural schedule is required, all questions on that schedule, permitting of answer should be answered.
