¹Not available.

²Available data not comparable; see text.

³Figures for cropland harvested and specified crops relate to the crop years 1944, 1939, 1934, 1929, 1924, and 1919.

⁴Total acreage of crops for which figures are available, except that corn cut for forage was excluded, as most of this was probably duplicated in acreage of corn harvested for grain.

⁵Includes calculated value of corn for grain, silage, fodder, and corn hogged off or grazed.

⁶Includes calculated value of sorghums for grain, silage, hay or dry forage, and sorghums hogged off or grazed.

⁷Excludes reports for farms reporting acreage grown for all purposes with no production. Includes acreage grown alone and acreage grown with other crops. Acreage harvested for beans or peas not available.

⁸Includes acreage grown alone and acreage grown with other crops for all purposes. Acreage harvested for beans or peas not available.

⁹Annual legumes saved for hay.

¹⁰Reported in small fractions.

¹¹Includes sweetclover cut for hay, which was reported separately in 1940.

¹²Clover seed except sweetclover.

¹³Red clover seed, including medium and mammoth.

¹⁴"Farms reporting" represents farms reporting trees (or vines) and/or production.

¹⁵Figures do not include farms reporting a small number of trees without acreage. Acreages for various censuses are not strictly comparable as enumerators may not have always reported acreage for a small number of trees.

¹⁶Excludes Irish and sweet potatoes, except for 1920 Census which included potatoes grown for home use.

¹⁷Enumerated value.

¹⁸Excludes Irish and sweet potatoes.

¹⁹Includes green lima and snap beans not reported separately.
