 **Available data not comparable; see text.
¹Figures for cropland harvested and specified crops relate to the crop years 1944, 1939, 1934, 1929, 1924, and 1919.
²Total acreage of crops for which figures are available, except that corn cut for forage was excluded, as most of this was probably duplicated in acreage of corn harvested for grain.
³Includes calculated value of corn for grain, silage, fodder, and corn hogged off or grazed.
⁴Includes calculated value of sorghums for grain, silage, hay or dry forage, and sorghums hogged off or grazed.
⁵Includes sorghums for grain and sorghums for seed, which were reported separately in 1920.
⁶Excludes reports for farms reporting acreage grown for all purposes with no production. Includes acreage grown alone and acreage grown with other crops. Acreage harvested for beans or peas not available.
⁷Includes acreage grown alone and acreage grown with other crops for all purposes. Acreage harvested for beans or peas not available.
⁸Annual legumes saved for hay. Vetches not included for 1925.
⁹For figures on annual legumes, including peanut vines, saved for hay, see soybeans and cowpeas harvested for hay.
¹⁰Includes sweetclover cut for hay, which was reported separately in 1940.
¹¹Clover seed except sweetclover.
¹²Red clover seed, including medium and mammoth.
¹³Running bales, counting round as half bales.
¹⁴"Farms reporting" represents farms reporting trees (or vines) and/or production.
¹⁵Figures do not include farms reporting a small number of trees without acreage. Acreages for various censuses are not strictly comparable as enumerators may not have always reported acreage for a small number of trees.
¹⁶Excludes Irish and sweet potatoes, except for 1920 Census which included potatoes grown for home use only.
¹⁷Enumerated value.
¹⁸Excludes Irish and sweet potatoes.
¹⁹Includes green lima and snap beans not reported separately.
