<sup>1</sup>Does not include vegetables, horticultural specialties, nor forest products. The calculated value of production for these three groups is not available. See text.<sup>2</sup>Includes reported values of sales of vegetables, horticultural specialties, and forest products; calculated values of production for these groups are not available. Excludes vegetables for home use and value of animals butchered on farms.<sup>3</sup>All averages are based on total number of farms.<sup>4</sup>Includes the value of animals sold alive (cattle and calves, hogs and pigs, and sheep and lambs), wool shorn, milk produced, chicken eggs, and chickens and turkeys raised.
