¹ Figures for cropland harvested and specified crops relate to the crop years 1944, 1939, 1934, 1929, 1924, and 1919.
² Total acreage of crops for which figures are available, except that corn cut for forage was excluded, as most of this was probably duplicated in acreage of corn harvested for grain.
³ Includes calculated value of corn for grain, silage, fodder, and corn hogged off or grazed.
⁴ Includes calculated value of sorghums for grain, silage, hay or dry forage, and sorghums hogged off or grazed.
⁵ Excludes reports for farms reporting acreage grown for all purposes with no production. Includes acreage grown alone and acreage grown with other crops. Acreage harvested for beans or peas not available.
⁶ Includes acreage grown alone and acreage grown with other crops for all purposes. Acreage harvested for beans or peas not available.
⁷ Annual legumes saved for hay.
⁸ Includes sweetclover cut for hay, which was reported separately in 1940.
⁹ Clover seed except sweetclover.
¹⁰ Red clover seed, including medium and mammoth.
¹¹ "Farms reporting" represents farms reporting trees (or vines) and/or production.
¹² Filberts and hazelnuts.
¹³ Figures do not include farms reporting a small number of trees without acreage. Acreages for various censuses are not strictly comparable as enumerators may not have always reported acreage for a small number of trees.
¹⁴ Excludes Irish and sweet potatoes, except for 1920 Census which included potatoes grown for home use only.
¹⁵ Enumerated value.
¹⁶ Excludes Irish and sweet potatoes.
¹⁷ Includes green lima and snap beans not reported separately.
