 **Available data not comparable.
¹Data for 1945 and earlier do not include land rented to others by farm operators.
²In the preceding calendar year.
³Total acreage of crops for which figures are available, except that corn cut for forage was excluded on most of this acreage was probably duplicated in the acreage of corn harvested for grain.
⁴Total cropland, cropland used only for pasture, and other pasture not strictly comparable for the various census years because of differences in definition of cropland used only for pasture. See text.

¹ In the case of items for which the estimated number of farms or farms reporting constitutes more than 50 percent of all farms in the universe, more precise limits may be obtained by multiplying the percent difference given in the table by an approximate factor as follows:
