

Tenure and age of operator.—More than 9 in 10 poultry farms are operated by owners, part owners, or managers. The percentage of farms operated by tenants is lower for poultry farms than for any other type of farm. Nearly half of the operators are 55 years old or older (see Table 25). The older operators are found mostly on the smaller operations—Class V and VI farms. More than three-fourths of the operators of Class I farms are less than 55, as are three-fifths of the operators of Class II farms. Three-fourths of the operators of Class VI farms are over this age.
