

Generally, the enumerator was required to list on Form A2 all dwellings and places in his enumeration district. The line number on Form A2 on which each dwelling or place was listed, was to be entered on the enumerator map, near to the location of the dwelling or place on the map. An illustration of the listing of places on Form A2 is given in figure 11 and an illustration of the enumerator's map showing the line numbers corresponding to dwellings and places is given in figure 12. This method used for indicating places enumerated on the enumerator's map aided in insuring that the enumerator had visited all places in the enumeration district and that the coverage of all parts of the enumeration district was complete.

In approximately 225 counties where there were a considerable number of farm operators who did not reside on their farms and where the farms were relatively large, enumerators were required to indicate on Form FA-100 (see fig. 13) the line number on Form A2 on which the operator of each 40 acres comprising the farm was located.

When an Agriculture Questionnaire or a Landlord-Tenant Questionnaire was required, the enumerator obtained, when avail-

able, the copy of the Agriculture Questionnaire the operator had received by mail, or took a questionnaire from his portfolio and asked whatever questions were required for completing and checking the filling of the questionnaire. The enumerator was instructed to make his entries on the questionnaires and other records legible and make entries only when necessary or required by the questionnaire. (For example, if the answer to a question was "0", the enumerator was instructed to make no entry.)

Sections VIII through XII of the Agriculture Questionnaire were to be filled only for a sample of farms. This sample consisted of places listed on the Form A2 with the size of the place indicated in a shaded square and in addition, in selected States, places having an exceptionally large entry for a specified item. The specifications determining the additional places that formed a part of the sample when the entry for a specified item was exceptionally large, were given at the beginning of Section VIII of the Agriculture Questionnaire.

Enumerators in the selected counties in which the Landlord-Tenant Questionnaire was used, were provided with special instructions for filling this questionnaire.
