NA Not available. ¹For 1950, the questionnaire used in enumerating farms carried a separate inquiry for rice in Arkansas, Louisiana, and Texas. All totals, except for multiple units, are restricted to those States. The questionnaire used in enumerating multiple units provided for enumeration of rice in other States. The totals for multiple units include data for 3 farms reporting rice in Mississippi. ²Land in managed landlord-tenant operations classified on basis of whether owned or rented by the employer. ³All data for farms not in multiple units were obtained by subtracting data for multiple units from those for all farms. See text for reliability of these data. ⁴See text for comparability of data because of revision of 1950 multiple-unit area.
