

STATISTICS FOR COUNTIES

County Table 1.—FARMS, ACREAGE, VALUE, AND FARM

[Data for items shown in italics are based on

Table with columns for Item (For definitions and explanations, see text), The State, Albany, Big Horn, Campbell, Carbon, Converse, Crook, Fremont, Goshen, and Hot Springs. Rows include Farms, Acreage, Value, and Farm Operators data for 1954 and 1950.

1For the 1990 Census, includes data for 1 farm in Yellowstone National Park. 2Includes 1,875,840 acres in Yellowstone National Park (part of) not shown in detail. 3The excess of farm acreage over approximate land area is due to the fact that the entire acreage of a farm is tabulated as in the county in which the headquarters is located, even though a part of the farm may be situated in an adjoining county.

OPERATORS: CENSUSES OF 1954 AND 1950

reports for only a sample of farms. See text]
