BUREAU OF THE CENSUS
AGRICULTURE OPERATIONS OFFICE
PARSONS, KANSAS

Dear Fellow Citizen:

You are asked to cooperate in an important part of the Census of Agriculture by filling out the attached questionnaire and mailing it in the enclosed addressed envelope which does not require postage. This questionnaire is being sent to approximately 12,000 farm operators representing a cross-section of all parts of the United States. By limiting the survey to a cross-section sample of farms, it is possible to secure the information at considerably less expense than if all farmers were included.

U. S. agriculture has been changing so much in recent years that more detailed information is needed about the farms than is now available. This information can be obtained only from the farmers themselves. The figures you report for your own farm and farming operations will be added to those for the other farms selected for the survey. The totals will provide basic information on the changes and developments in farming practices.

The following assurances can be given you in accordance with the provisions of Federal statutes: (1) Your report can be used only to obtain totals for your county and State. (2) The Census employees who handle your report are under oath not to disclose any individual information under penalty of a fine of \$1,000 or imprisonment for not more than 2 years. (3) Information in your report cannot be used for purposes of taxation, investigation or regulation. The information you report will not be given to the Internal Revenue Service, the Department of Agriculture, or other Government Agencies. It will be used for statistical purposes only

The explanation and instructions printed on the questionnaire indicate how the information should be reported. Please fill and mail this questionnaire at your earliest convenience. If you cannot give exact information for all items, kindly give your best estimates.

If you do not now operate the farm, please give below the name and address of the present operator or owner of the farm you operated in the fall of 1959 and return this letter in the enclosed addressed envelope. Thank you for your cooperation and help.

Sincerely yours,

Robert W. Burgess

1960 SAMPLE SURVEY OF AGRICULTURE

U.S. DEPARTMENT OF COMMERCE
BUREAU OF THE CENSUS
AGRICULTURE OPERATIONS OFFICE
PARSONS, KANSAS

November 7, 1960

Dear Fellow Citizen:

You are asked to cooperate in an important part of the Census of Agriculture by filling out the attached questionnaire and giving it to your Census taker when he calls. This questionnaire is being sent to approximately 12,000 persons representing all parts of the United States. By limiting the survey to a representative sample which is scientifically selected, it is possible to secure the information needed at considerably less expense than would be required if we went to all farmers.

American agriculture has been changing so much in recent years that more detailed information is needed about the farms in the United States than is now available. This information can be obtained only from the farmers themselves. The figures you report for your own farm and farming operations will be added to those for the other farms selected for the survey. The totals will provide basic information for use in making estimates of the changes and developments in farming practices.

The following assurances can be given you in accordance with the provisions of Federal statutes:

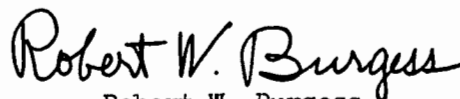

1. Your report can be used only to obtain totals for your county and State.
2. The Census taker and other Census employees who handle your report are under oath not to disclose any individual information under penalty of a fine of \$1,000 or imprisonment for not more than 2 years.
3. Information in your report cannot be used for purposes of taxation, investigation or regulation.

The information you report will not be given to the Internal Revenue Service, the Department of Agriculture, or other Government Agencies. It will be used for statistical purposes only.

The explanations and instructions printed on the questionnaire indicate how the information should be reported. If you have any questions, please make notes about them on the questionnaire. The Census taker will check your questionnaire and help you with any questions you may not understand. Some of the questions will not apply to you or your farm and will not, therefore, require answers.

The Census taker will call on you sometime during the next few days. Please fill this questionnaire at your earliest convenience so that it will be ready for him when he calls. If you cannot give exact information for all items, kindly give your best estimates.

Sincerely yours,

Robert W. Burgess

Section XIV.—FARM OPERATOR DEBTS

One of the most important changes in farming in recent years is the increase in the amount of money required to buy, equip, stock, and operate farms. This has increased most farmers' needs for credit. In order to get a measure of farm credit requirements, and a more complete picture of the farm situation, we are making this survey of debts owed by farmers.

In filling this report, please report all money you owe, whether due now or in the future, relating to this place. "This place" refers to the land and buildings you operate, as reported in question 7.

The debts to be reported include all loans and advances, charge accounts, time purchases, and purchase contracts, including mortgages and deeds of trust except: (1) price-support loans of the Commodity Credit Corporation, and (2) debts to merchants and dealers for home appliances and family living expenses (grocery, clothing, medical bills, etc.)

IF YOU OWE A DEBT THAT RELATES TO BOTH THIS PLACE AND OTHER FARMLAND THAT YOU OWN, FARMLAND THAT YOU RENT TO OTHERS OR HAVE WORKED ON SHARES BY OTHERS, OR NONFARM BUSINESS THAT YOU OWN, PLEASE READ THE FOLLOWING INSTRUCTIONS:

Please report only the part of such joint debt that applies to this place. The debt to be reported for this place may be estimated as follows:

1. For each debt secured by real estate:
 - (a) Estimate the percent that the value of the land and buildings in this place, pledged as security for the debt, is to the total value of all real estate pledged as security for the loan.
 - (b) Multiply this percent by the total real estate debt and enter the result for the appropriate question.
2. For each debt not secured by real estate:
 - (a) For each question and for each part of question 309 and question 310, estimate the percent of the total that was relating to this place.
 - (b) Multiply this percent for each question and for each part of question 309 and question 310, by the amount now owed and enter the result for the appropriate question or item. When figures for more than one item are to be entered for a question or part of a question, add the estimates for the several items before entering the total for the question or part of a question.

How much money do you now owe to—	(1) Total amount now owed (if none, mark X for "None"). Report unpaid principal.	(2) If any part (or all) of this amount is secured by mortgages, deeds of trust, or land purchase contracts on this place, enter the amount so secured (if none, mark X for "None")	B1 X--

1960 SAMPLE SURVEY OF AGRICULTURE

U.S. DEPARTMENT OF COMMERCE
BUREAU OF THE CENSUS
AGRICULTURE OPERATIONS OFFICE
PARSONS, KANSAS

Dear Fellow Citizen:

You are asked to cooperate in providing information on farm debts by answering the questions on the other side of this letter and returning it in the enclosed envelope which does not require postage. You are one of more than 12,000 owners of farm or ranch land in the United States who are being asked to provide information on their farm debts.

One of the most important changes in farming during recent years is the increase in the amount of money required to buy, equip, stock, and operate farms. This has increased the need for credit by many farm operators and farm landlords. In order to get a measure of farm credit requirements, and a more complete picture of the farm situation, we are making this survey of the farm debts of farm operators and their landlords.

The farm operator whose name appears after Question 2 on the reverse side of this letter reported that he was renting or using farmland (or ranchland) owned by you in 1960. Will you please report the debts you owed as of December 31, 1960, if any, that were secured by this land or associated with operations on it.

You are assured that in accordance with the provisions of U. S. laws: (1) Your report can be used only to obtain totals. (2) The Census employees who handle your report are under oath not to disclose any individual information under penalty of a fine of \$1,000 or imprisonment for not more than two years. (3) Information in your report cannot be used for purposes of taxation, investigation or regulation. The information you report will not be given to the Internal Revenue Service, the Department of Agriculture, or other Government Agencies. It will be used for statistical purposes only.

PLEASE FILL OUT AND MAIL THIS QUESTIONNAIRE THIS WEEK EVEN THOUGH YOU MAY NO LONGER OWN THIS LAND OR RENT IT TO THE PERSON NAMED ON THE REVERSE SIDE OF THIS LETTER. Your returning this questionnaire promptly will be appreciated and will eliminate the necessity of writing you again.

Thank you for your cooperation.

Very truly yours,

A. Ross Eckler
Acting Director
Bureau of the Census

This Census is authorized by Act of Congress, United States Code, Title 13, Sections 5, 9, 142, 221, 223, 224, requiring that the inquiries be answered completely and accurately, and guaranteeing that the information furnished be accorded confidential treatment. The Census report cannot be used for purposes of taxation, investigation, or regulation.

A18 LANDLORD FARM DEBT SURVEY

1. How many acres of farm and ranch land did you own on December 31, 1960? None ☐ Acres _____
(Include the land rented in 1960 to the person listed below and all other tracts of land owned regardless of where located, even though these are considered separate units. Also include cropland, pastureland, woodland, and wasteland.)

2. The following questions relate to the _____ acres of farm or ranch land that _____ (Name)
_____ (Address) reported he was using in 1960 under a rental, share, or other arrangement with you. If you still owned this acreage on December 31, 1960, please answer the following questions.
(If you did not own the tract of land shown in Question 2 on December 31, 1960, please indicate under remarks the name and address of the person to whom you sold the land, and return the questionnaire without answering the remaining questions.)

INSTRUCTIONS FOR ANSWERING DEBT QUESTIONS

In filling this form, please report all money you owed as of December 31, 1960 (whether due then or in the future) relating to the acreage of your land that was used in 1960 by the person listed for Question 2. For statistical purposes it is essential that you report only those debts (outstanding on December 31, 1960), as outlined below, that you incurred as a result of your ownership of the above acreage, or your sharing in costs of operating this acreage.

The debts to be reported include all loans and advances, charge accounts, time purchases, and purchase contracts, including mortgages and deeds of trust relating to the acreage used by the person listed above, except price-support loans of the Commodity Credit Corporation. If you were on a share arrangement with your tenant, do not include his share of unpaid debt obligations. In order to answer the questions accurately, it may be helpful for you to refer to the original loan documents, cancelled checks, or other records. If you cannot give exact information for any item, kindly give your best estimate.

IF YOU OWED A DEBT THAT RELATED BOTH TO THE ACREAGE USED BY THE PERSON SPECIFIED IN QUESTION 2, AND TO OTHER FARMLAND OR TO OTHER PROPERTY THAT YOU OWNED, PLEASE READ THE FOLLOWING INSTRUCTIONS:

Please report only the part of such joint debt owed on December 31, 1960 that should be assigned to the acreage listed in Question 2. The debt to be reported for this acreage may be estimated as follows:

1. For each debt secured by real estate:
 - (a) Estimate the percent that the value of the acreage and buildings thereon listed in Question 2 pledged as security for the debt, is to the total value of all real estate pledged as security for the debt.
 - (b) Multiply the total real estate debt owed on December 31, 1960 by this percent and enter the result for the appropriate question.
2. For each debt not secured by real estate:
 - (a) Estimate the percent of the total debt that arose from farming operations on, or your ownership of, the acreage listed in Question 2.
 - (b) Multiply the amount owed on December 31, 1960 by this percent and enter the result for the appropriate question or item. Unpaid debts for seed, feed, fertilizer, buildings, fences, taxes, etc., that should be assigned to the rented tract can usually be estimated easily. Debts for purchase of machinery owned by you and used part of the time on the rented tract may be estimated on the basis of the percentage of the total time that the machine is used on the rented tract.
 - (c) When figures for more than one debt are entered for a question or part of question, add the estimates for the several debts before entering the total for the question or part of question.
