

GENERAL REPORT

Table 33.—BARLEY HARVESTED—FARMS REPORTING, ACREAGE, PRODUCTION, VALUE OF

Table with columns for Region, division, and State; Farms reporting (1939, 1954, 1949); Acreage (1939, 1954, 1949); Production (bushels) (1939, 1954, 1949). Rows include U.S., Continental U.S., and various states.

NA Not available.

Z Less than 0.05 percent.

Totals for the 3 censuses are not comparable because they represent totals for only the States for which data are available for each census.

Excludes 30 counties in Southeastern Missouri.

Excludes 123 counties in East Texas.

FIELD CROPS AND VEGETABLES

747

PRODUCTION, AND QUANTITY SOLD, BY DIVISIONS AND STATES: 1959, 1954, AND 1949

Table with multiple columns: Production-Con. (bushels), Rank, 1959, 1954, Average per bushel, Percent of total value of all crops, Farms reporting (1959, 1954, 1949), Percent of farms producing barley, Bushels (1959, 1954, 1949), Percent of crop sold, Value, 1959 (dollars), and a final column with numbers 1-62. The table provides detailed data for various divisions and states across the years 1959, 1954, and 1949.
