<sup>1</sup>Data for Alaska and Hawaii not included.  
<sup>2</sup>Forty-nine States; no classification by tenure for Alaska for 1910.  
<sup>3</sup>Full owners for 1930 include 330 "owners" and for 1920 include 345 "owners" for Alaska where no differentiation was made between full owners and part owners.  
<sup>4</sup>"Owner and tenant" farms were operated jointly by the owner and a tenant working for a share of the products. This tenure class was recognized in the instructions to enumerators for both the 1910 and 1900 censuses. Inasmuch as the number of such cases was very limited and the owner was often a parent and the tenant a son, this class was consolidated in the 1910 reports with farms operated by their owners.  
<sup>5</sup>For 1935, All tenants "Other tenants"; for 1930 and 1925 all tenants other than cash tenants "Other tenants."  
<sup>6</sup>Includes for Alaska, 17 "tenants" for 1959, 20 for 1950, and 11 for 1920 and 3,652 "tenants" for Alaska and Hawaii for 1940; the questionnaires not providing for subclassification as to kind of tenants.
