Table 21. Farm Operators by Years on Present Farm, by Tenure: 1910 to 1969

(Years-on-farm groups not strictly comparable for the several censuses because of variations in census dates. All data for conterminous United States for 1959, 1954, 1950, and 1945, except for average number of years on present farm in 1954, are based on reports for only a sample of farms. See text)

¹Data not available for Alaska and Hawaii.

²For 1925, data by tenure not available separately for full owners and part owners; data for all owners may be obtained by subtracting those for managers and for tenants from the total.

³For 1930, data for 330 owners in Alaska and 1,437 owners in Hawaii are not available separately for full owners and part owners. All are included with data for full owners.
