¹Divisions and States without drainage districts are not listed. Drainage districts counted in previous censuses in Louisiana were reclassified from independent special districts to dependent agencies of parishes for the 1977 Census of Governments as a result of a review of the 1974 Louisiana constitution.

²Differences between these data and data shown in 1977 Census of Governments, volume 4, Number 2, Finances of Special Districts are because of a more detailed review necessary for 1978 Census of Drainage.
