

WATER RESOURCES REGIONS AND SUBREGIONS (DRAINAGE BASINS)

Adapted from 1974 State Hydrologic Unit Maps (1979 for California and South Dakota; Geophysical Survey, U. S. Department of the Interior). The Water Resources Regions and Subregions shown were established by the U. S. Water Resources Council for use in the Second (1975) National Assessment of Water and Related Land Resources. Base map from Geographical Survey, U. S. Department of the Interior.
